The Premises:

A superb ground floor apartment within walking distance of two London tube stations. Perhaps the most luxurious place I have ever visited in my punting history. A room in a place like this would cost ?200 per night. Being in the heart of London, it is advisable to travel by London Underground.

The Lady:

Izabel is difficult to book because she is busy; she is busy because she is popular. Izabel is popular rightly so, because not only does she provide an excellent service but is also an extremely attractive and friendly young lady. If Izabel was sitting in front of you on a subway train then you would definitely stare at her beauty, only to look away when she looks back at you, pretending that you weren't looking at her! In terms of looks, Izabel reminded me of a young Sophia Loren, the gorgeous Italian actress of the 1950s and 1960s.

The Story:

For once in my life I arrived somewhere on time. This gave me enough time to freshen up and take a shower. When I came out of the shower, Izabel was standing in front of me, looking stunning. I was greeted with a hello and a lovely smile which was followed by a nice soft kiss on my lips.

Although I am a reasonably experienced punter, I was extremely nervous and was trembling. Perhaps my obsession with deep french kissing and then reading on Punternet about Izabel's skills in this form of art made me expect too much from her. Prior to this, I had a terrible time with an escort from the purple site, so I was very anxious that this punt did not turn out to be disappointing. I am sure all this contributed to my nervousness.

Seeing this anxiety, Izabel held my hand like a real girlfriend and very slowly walked with me from one side of the room to the other, moving closer to the bed, all the time trying to make me relax. Izabel then hugged and gently kissed me. This was enough to relieve my anxiety within five minutes or so.

Now that I was back to my usual self, the tempo automatically changed. From light soft kissing, we turned to lovely sexy passionate deep french kissing, just the way I like it.

The kissing was followed by enjoyable OWO from Izabel and then the two of us engaging in 69. Izabel was spotlessly clean down below and I could have stayed there forever. The GFE then turned to light PSE by Izabel asking me if I wanted to see her come. I said I'd love to, so Izabel then began massaging her clit with her hand. Izabel then asked me to join in her fun, so I then alternated by pushing my tongue in and out of Izabel's moist vagina and by massaging her labia with my mouth and tongue whilst Izabel continued massaging her clitoris vigorously. This all concluded in a loud violent orgasm for Izabel, which left both of us satisfied.

It was now turn for my climax, so I told Izabel that I couldn't wait to fuck her like crazy. I entered Izabel in the missionary position so that I could enjoy her DFK at the same time. Within 2 or 3 minutes, I couldn't hold on any longer, so I asked Izabel to stick out her wet tongue for me to softly suck whilst I emptied myself. The feeling of pleasure was out of this world; and this can only happen if you're with the right girl.

I was then about to get ready to leave, but Izabel said we still have some spare time and she asked me whether I would like to have a massage. I agreed but preferred to chat instead of having a massage. Izabel actually preferred that I kissed and played with her butt, so this is what I did. We also chatted as well. For me it is very rare that a lady has wanted me to stay until my time was fully utilised. Hence, Izabel is one lovely lady that is not a clock watcher (I really hate the clock watching types).

What more can I say besides confirming that Izabel has to be in my top 5 ladies of all time.

I came in feeling low and nervous, but left feeling like a Prince thanks to Izabel.

A superb time spent with a great lady.

Izabel, I hope you will remember me. I am the Indian guy that brought you those Ferrero chocolates and the greeting card. I am already planning to see you again very soon.
