Emily is late 20's, around 5'3 with a very nice petite size 6 figure. A very attractive, clean, genuine young lady who's great to chat too as well as get naughty with

### The Story:

I've been seeing Emily for quite a while and have never been disappointed. She can switch between prim and proper to down right naughty in the blink of an eye without missing a stroke, literally!

Emily is probably one of, if not the best escorts in the area at the moment who provides an excellent service to those who expect a lot more from their money and I can't wait to see her again in heels naked bent over my dining table with that peachy little arse in the air
