Flat on Prince of wales drive opposite supermarket chain.
Small, humid, could do with a tidy, parking outside

The Lady:

Romanian
Around 5'7" tall with long dark hair, not a bad looking girl with slim 6/8 figure small perky boobs, early 20's

The Story:

Though I like it cheap some times for the extra buzz, this was not good. Been to this place before in the past but won't ever go again as it's far too hit and miss

Confirmed booking via text all services inclusive of 30 minute fee then wanted extra £20 for kissing/reverse O once we were naked.

Paid the extra like a mug and got on with it until like 20 minutes into the booking she pulls away from doggy to tell me my times up.

I'm like are you kidding? So she starts wanking me off though her mates banging on the door and then lets herself in strutting around rabbiting on about some shit pointing so got me kit on and left.

Shame because I was planning on banging her mate at a later date too, Adonia was cute and moaned about previously working in Germany, let's hope she fucks off back and stays there real soon!
