The Premises:

Shop unit next to a cafe in West Horndon. You have to buzz to be let in which leaves you standing in the street for a minute or two.

Parking available at station or free street parking nearby, as ever look out for parking restrictions.

Inside is always clean and safe, the rooms contain massage tables. Pay ?20 to the maid, with any extras to the girl. Is expensive here a full personal will set up back ?100, about ?30 more than other parlours. I think they open from about 11 to 8 during Mon - Fri, not sure about weekends.

The Lady:

2 girls available, but both busy when I arrived. Sarah was free after about 20 mins - attractive blonde haired English girl, early 30s, nicely proportioned body, neither fat nor thin. Friendly personality, probably best described as girl friend material!!

The Story:

Finally got round to writing this review! A decent, if unspectacular, punt which seems to be the norm here.

Sarah started with a long, and relaxing massage, as usual paying good attention to the private parts. Soon I turned over, and we started playing!

We french kissed a lot, then she licked my nipples and I returned the compliment. This was my first punt for about 9 months so I was a bit out of practice, so I went for sex only, no oral. Sarah got on top and soon it was all over, and we had a nice chat afterwards before I left through the back door.

One comment about here is that all punts seem the same, good but not particularly memorable as I mentioned before. This is not necessarily a bad thing but may mean I would not go here all the time.
