African with great boobs and booty. Very dark skinned. Tribal markings on face. 22yo from Benin.

The Story:

This girl is sweet and sexy looking. Entered the room in lingerie showing off her amazing ass but after that the punt went downhill. Lily was as stiff as a board, conversation limited. I paid for half hour oral and sex but she refused oral and then when I asked her to touch my nipples (I needed some arousal by this point!) she also refused. To save the situation I asked to massage HER. Massaged her boobs, back and ass got me back in the mood. We then attempted sex in missionary, she was roughly shaven in the pussy area and dry as the Kalahari. A little lube helped but it was like pleasuring an African shop dummy. Towards the end there was a flicker of pleasure but I came without much climax and wished to get out of there as soon as possible.

Throughout the punt I had a feeling of déjà vu and then realised that I had seen the girl before under the name Sophie in Kings Cross in North Downs Road (now closed I believe).

It's a shame that such a hot girl is such a let down, certainly another who's heart is not in it and I am sure there is a good reason for that.
