The Premises:

Fingertips is clean with a friendly vibe. The place has a very discreet entrance on a quiet street and the staff were helpful. No smell of smoke as previously described.

The Lady:

Kitty has longish golden hair, a very pretty face and is around 5'8", perhaps. She entered wearing a shirt and skirt (no panties!) and has large, large boobs. She is easily the sexiest lady I have slept with, not thin but very shapely ;)

The Story:

Started with a lovely feel up, declined oral as I already felt near to cumming (had been a long day) so went straight for the missionary after having a lovely time kissing and sucking Kitty's enormous breasts. She seemed happy to let me sit there for quite some time whilst I enjoyed this. She was, I am afraid, too tight for me and I was soon finished but she was kind enough to sit and talk for a while and seemed to really quite like getting to know clients and making them feel at ease. Please enjoy Kitty responsibly; she's one sassy cat that deserves the cream!
