The Premises:

Flat on main road above shop. Seemed to be shared and very thin walls. Not all that clean. Cigarette ash on the floor in punt room. Got the impression other rooms were being used and a kitchen area had another girl or girls waiting as well as an older woman who seemed to be running the place.

The Lady:

Very pretty Indian-Hungarian face. Fairly slim with pert breasts and nice nipples. Not as glamorous as her pics, no make up and looked a bit more harassed and less welcoming.

The Story:

this girl 'Denisa' was also formally known as "naseem" and a previous report accords with mine

I felt sorry for this girl. Her English was poor and she'd obviously not written the profile on the other site where she appears as both 'eastern delicacy' and as 'exptic eastern babe'. Despite the promises on the profile, there was no kissing let alone french, no CIM, and only very poor and tentative OWO, no 'pussy rub', no reverse oral, and it was clear that the ?30 filming option is never honoured either. Worse, there were interruptions, both phone calls, and also some shouting through the wall to another girl, who i gathered might be waiting for the room. at one point this other girl opened the door. as she was a cute young blonde i didn't mind, but i was not so happy that she gave a clear view to a waiting punter through the doorway. Denisa was clearly in a hurry to try and make me cum, and I kept asking her to slow down and take time. Eventually after no more than 40 minutes, I came on her breasts, and it was clear that "cum as many times as u like - you pay for the time" was also bullshit.

If the service had been advertised as a vanilla service, at appropriate price I'd have been less upset, as she was, in my view, very pretty, but the advert oversold her (not really her fault) and on so many levels the punt was awful.

Have since seen several 'kentish town' similar ads, so will be wary of this outfit and avoid it in future.
