The Lady:

I wasn't prepared how gorgeous Pixie is. Cute and the sexiest smile. Eyes that you could stare into all day long. A fantastic figure and so firm and toned.

The Story:

As you can tell from the physical description above, I really liked Pixie from the moment I laid eyes on her. It just kept on getting better and better.

As the appointment went on, I found her to be lots of fun and she has a great sense of humour too. She had such a naughty look in here eyes sometimes. I'm so glad I picked her to visit.

I can't help but not want to be too rude and crass with the details as I liked her as a person, not just an object. Just to say that everything was really great and she's a detirmind little thing to make sure you have a good time.

As long as im single, Ive found an amazing girl that I want to visit again and again. Wow!
