The Premises:

Small apartment in a clean residential area. People might have seen me but wouldnt have thought much about it.

The Lady:

About 5 foot 5. Enhanced boobs, one of which slightly sags, a scar on top of her right breast(didnt notice these until after she undresses). A bit of belly flab, smooth legs.

The Story:

Her english was not good. Greeted me at the door and took the money first with a little bow. Started off with a massage that was barely acceptable. Kept a steady stream of chatter that was barely understandable. When it became time to start the oral, she put on the condom before I got hard(hate when they do that) and gave an oral that was hardly noticeable. After I got half hard, we moved on to penetration. I closed and managed for a few minutes with my imagination. But she kept pulling on my balls as if it was meant to excite me, had to pull her hands off several times. Finally gave up and asked her to just give me a handjob to finish me off. She started jerking me with three fingers. I had to ask her to take off the condom and try again with some oil. She did that with some commentary like a bad porno (cum for me baby, dirty boy etc). I might have cum if it wasnt for that commentary. Finally gave up, got dressed and left. Only thing I have left to say is stay away.
