The Premises:

Small, cosy flat in the apartment city zone of central birmingham. Parked on the street, metered, safe.

The Lady:

Petite brunette thai beauty. Very demure, so softly spoken that for the hard of hearing like myself, it was a whisper. Just about wearing a short black dress that had 90% of the material removed. Very athletic although quite heavy thighs, no body fat, big boobs, obviously a job, with the most perfect conical erect nipples. They should be on display somewhere.... Really really pretty girl, older than her profile states of course.

The Story:

My first surprise of this punt was that when I called, an English girl answered, who is her phone minder/friend. This worked well, making it easier to get the details and address right, than is sometimes the case with Thai girls.

I took a shower and joined Angelina on the bed. She immediately started sucking my nipples, then my cock, this is a good start I thought. However she was very reserved verbally, and so shy she hid her face behind a curtain of hair. I took the lead, putting her on her back for a prolonged licking, a bit of rimming, and more licking. It seemed ages before there was any response, but when I eventually decided to move on I got one of those wide-eye sideways looks that mean thank you that was very nice, without the girl explicitly saying so. She sucked me hard again, rolled on a condom very expertly, and we proceeded to some excellent multi position sex. I got very strong sensations from her squatting cowgirl, so i had to change position in order to avoid coming to soon - she let me put her more or less in whatever position I wanted and I probably could have been more imaginative than I was. Unfortunately she turned me down for anal, pointing out it was 'At discretion' on her profile. Eventually I pulled out, removed the rubber and told her to suck, which she did until I came, and kept sucking until I went tender and pulled away with a yelp. She spat discreetly.

The flat was quite hot so I took another shower, had a very nice massage before resuming the action. The same round of positions followed but for some reason, probably connected to my strenuous activities on Monday, I couldn't manage a second cumming, so we finished cuddled up together on the bed, until time was up.

Angelina is a really lovely girl, but she has one or two quirks - she would barely look at me at the start, a great shame as she has beautiful eyes, and kissing did not seem to be on the agenda either. But she is good at what she does, and would probably be more open on repeat visits. She told me she will return to Thailand in November when her visa expires, good girl
