The Story:

Alex came to my flat as she only does outcall, within the Midlands area. She is 30 years old, and in her three-inch heels that much taller than her 5 ft 10. She arrived elegantly dressed and we sat and talked for a while, then went into the bedroom where she took off her dress to reveal black undies and a toned body. She massaged me first - she does a good massage - and then rolled me onto my back, got naked - revealing trimmed pubic hair, unusual these days when shaven is more common. First she performed oral on me (with condom) and then we had sex. I think she is open to a number of positions (untried). For such a precise and elegant lady she really lets herself go when she is at it; the sight and feeling of her bouncing away on top of me on my bed will stay with me for a while. Afterwards we lay in bed and talked - she likes conversation and has a good sense of humour.
