The Story:

I got changed and waited for her to arrive, she entered and was smiling and was very bubbly. She made me feel at ease straight away, she stripped and started to give me a back massage. She was using her fingernails which was very erotic, she kissed my back and then followed by her soft breast gliding up and down my back.

I turned over and she greeted me with a long deep French kiss, after a few mins she kissed my body all the way to my cock. She teased me by playing with my cock on her breasts and then she wrapped her mouth around my cock, OWO was ?10 extra, her technique was real slow and wet, plenty of eye contact. I had to stop her or I would have exploded.

She lay on her back and I started kissing her neck, those soft breasts and then onto some oral relief, her body responded the right way and she made some amazing moans, after a few minutes of this she was more horny than me. On with the condom, we did a few positions starting with her on top to doggy, she gave a good girlfriend experience with dirty talking, eye contact, kissing and her hands were constantly all over my body.

Real good service need to come for a hour next time
