The Premises:

Nicely run parlour, as described in many other FRs; new buzzer on the outer door, but I was buzzed in very quickly. Can't remember IM ever being as busy as it was this time, I was aware of 2 or 3 other punters coming and going, but the management make sure you do not come face-to-face.

The Lady:

Classic caribbean beauty - but a regular english girl, chatty, educated andy charming; gorgeous coffee-coloured skin, round arse, nice large natural boobs. Luscious lips, both above and below.

The Story:

I saw two other ladies in the line-up but Mandy was the stand-out attraction. She has a lovely welcoming smile, and was genuinely friendly throughout.

I freshened up using the bath in the room, declined the offer of a massage then began kissing and fondling Mandy while she was still in her lingerie. Once I had removed her top I found her nipples to be pleasingly responsive. Her lips are full and juicy, like ripe fruit. She gave me OWO, and I licked her pussy. We then proceeded to penetration, after she insisted on an extra few goes at sucking my cock before putting on the condom.

All too soon my time was up; I often find that 30 minutes are more than enough with parlour visits, but on this occasion I wished I had allowed for more time (and money!) as I think it would be well spent with Mandy.

I left Bedford with a big smile on my face - what more can you say?
