The Premises:

Newly established, fairly secluded, large house in rural location. Drive at side appears to lead to industrial premises or estate - don't know if this could be an issue during working hours. Inside very smart, presentable and spacious.

The Lady:

Described at 30s, possibly just into 40s. However, I had chosen Amanda of the three girls available for just that reason - experience. The other two were described as early 20s and size 6 and 8, i.e. stick thin! Amanda was dressed suitably - i.e. lace-up corset and thigh length boots. Small boobs with nipples which became quite long when stimulated

The Story:

New establishment seems to be mostly based on the former Playgirls which closed earlier this year. Amanda was not at Playgirls, has just started here when they opened last week.

Once we had established the services required (CIM and swallow to finish), Amanda left to stash the payment, taking several minutes to return - why do most girls always take so long? Anyway, no problem, she returned and was very friendly and affectionate, starting with some deep French kissing. The rest of the action was less affectionate, but extremely horny, probably some of the horniest sex I have experienced. She seemed to adapt to my needs without being asked, even starting penetration in my favourite position - her squatting on top (or the frog as I have heard recently). I guess this must have just been chance, as there was no way she could have known this (could she?).

Asked her to hold my cum and show it to me before swallowing; as I was on my back, this inevitably resulted in a couple of drops slipping out onto my belly. Once she had shown me my offering, she licked and sucked these back up again - fantastic.

Altogether a great punt, I have been trying to decide whether it was more of a GFE or PSE. Apart from the French kissing it was definitely more of a PSE, but a good combination nonetheless.

Certainly one I will repeat.
