The Premises:

Deja vu. I'm pretty certain I'd been there before more than a couple of years ago but hey...

Very comfortable basement, very discreet although she shares a door /apartment(?) with a ladyboy apparently. Perfect location about 4- 5 mins from Paddington station.

The Lady:

Lovely, relaxed and unhurried girl who knows she's got the job sussed. Attractive, smallish but natural breasts which I thought were very pretty and she thought were small but they were crowned by very neat and sensitive nips which were a delight. Some stretch marks gave her a reality that I like and she had wonderful soft, smooth skin. great.

The Story:

Great intro. Then I was presented with a load of toys to select from (the ladyboy option next door had been dropped)...

Great straightforward massage (but good) developed into some greater still rimming and on and on. A toy was administered to good effect. On it went and then I was firmly directed : on with the condom and clear instructions to use the tradesmans entrance which more or less did it for me. I'm not really into the A-Level route but I like the idea more than the actuality but this felt 'natural'. I couldn't last long watching this porn experience in the mirror adjacent to the bed and had a screaming unload. Brilliant.
