Petite black girl with pretty face, lovely smile and shapely figure. Today with BIG hair!

The Story:

I really feel I get on as a chum with Alicia (pronounced Aleisha) and it helps when she screams and jumps up and down as she sees you follow Fiona's bottom up the stairs.

We had a chat about events since last visit and then a very long reverse oral session before some extended intercourse.

And then Alicia surprised me with her new service of anal. I wouldn't ever want to discomfort this lovely girl but she said she would like to do it with me and with a little lube and a lot of care we did and this was a great experience but only because I never felt she was unhappy about doing it and we took it very carefully.

I would quite happily just lie on the bed with Alicia chatting and fondling but if a girl wants to do stuff I am not going to object for long am I.

A lovely time with a lovely young lady.
