The Story:

I am a single forty year old professional and I have a prediliction towards oriental ladies but also have a weakness for tall blondes.

I live about an hour away from London so only come to the capital to see a girl I really like the look of.

Natee has a few good reports on here and I was keen on her profile on Olinas so I decided to make a booking and take a trip. I was really glad I did as over two meetings in the summer she was sexy, attentive and gave me a real girlfriend experience.

Lovely kissing from her throughout and she really seemed to enjoy the physical aspects of our meeting. One highlight was us on all fours on the floor, her wearing black stockings and high heels and us using the large mirror on her wall to get an excellent view of our activities.

I believe she is away at the moment but well worth a visit when she returns.
