The Story:

Initially I was expecting to be disappointed as I felt a little attitude come from Ebony but as soon as we stripped the atmosphere changed. She has great skin, a pretty cheeky face and superb boobs. Began by kissing nipples and stroking her. She sat with me and we watched each other in the mirror, she seemed genuinely turned on and aloud me to finger her pussy. Next onto the bed for some foreplay. she handled my cock lovingly and I then asked for oral on her (had initially paid ?40 but a further ?10 did the deal). Her pussy was smooth, clean and fragrant. Spen the next 5+ mins eating her out, she maoned loudly and grinded on my face willingly. Next sex missionary and on top, hard a n fast. Finished by cumming on her splendid breasts. This punt was planned to banish a dreadful punt at sister establishment Black Diamonds (see report on Tina same week), did the job brilliantly. Perfect!
