The Premises:

A well known flat complex between Queensway and Bayswater tube stations. Clean and functional bedroom and bathroom was ok. Was able to park in a space outside the building at that time of night.

The Lady:

Petite Thai girl, possibly mixed race (website says Thai/European). Medium length dark hair, slim build, small boobs with upright nipples and cute behind. Nice legs too. When she smiled, she looked stunning. Sadly, not a smiler... Unshaven.

The Story:

There was only one FR for this girl and that was a negative one. I decided that it was time for someone to double check as she looked quite amazing in the photos and video on the site and was in pole position in the gallery, so the agency must rate her highly. So I took a punt.

First things first, she really is a stunner in the flesh. Her English was patchy but not appalling. The first alarm bell should have rung when she realised that there was a mix up with the agency and told me if they asked, I was only there an hour. Hmmnn.

First off was a massage which was actually ok, but was just a time wasting tactic and a chance for her to spend ages playing with her phone, texting. A bath followed which was again ok, but not as fun as it should have been. All very 'going through the motions' stuff that took care of the first hour.

Back to the bedroom and things started to get more interesting. Going to the old man, she started to get a condom out. When I suggessted OWO, it was 'ok', about 10 seconds in her mouth then on with the condom. Right. First round was her on top for a few mins followed by doggy when I popped early. Next up was her showing me pictures of the Bangkok floods. I had other things on my mind which I think surprised her. This changed to downright shock when she realised that the first pop was an accident and that round two would be more like hard work. It was almost funny watching the fake moaning become more real and urgent. Happily (for me) I managed to hold off and enjoy a good session.

Summing up, although on the plus side the girl is a real looker, she doesn't offer services advertised (owo,cim,fk), is overly fond of her phone, wastes time and does not throw herself into it. Given the times we live in and the fact that there are some really good girls out there (Posh as ASM was mindblowing) for the same price, I can't really recommend her. She's not bad per se, just not very good.
