### The Premises:

As previous reports. Access via service road behind parade of shops. Bit dark at night but the metal staircase up to the flat lights up when you walk up it.

### The Lady:

Stunning! Lovely body, pert breasts, shaven haven lovely personality which makes you relaxed straight away.

### The Story:

Take my word for it this girl is gorgeous. She came into the room and almost apologised that she was the only girl available. She looked OK to me!! It says on the site she is 21, I won't argue with that but she has the confidence in the room that not only relaxes and puts you at ease but suggests that she has years of experience.

Started with a bit of mutual caressing that soon had the old boy up for it. She removed her top and on with the rubber for some oral while I played with those lovely breasts, then off came the rest of her clothes to reveal her cute pussy that she allowed me to slip my fingers into. (An ever increasing rarity these days) She then got on top for some fantastic sex. All the way through she maintained serious eye contact, a great turn on.

After the event and the clean up we continued with a soft frontal massage and chatted until the knock on the door. She went over the 30 minutes I had paid for and at no time did I feel rushed or unwanted once it was all over. All in all a great value punt.

The only downsides, there was no kissing (Except for a peck on the cheek with a nice cuddle right at the end) so not a complete GFE plus the room the staff used and the corridor stank of stale fags. I would have also preferred a massage at the start and not the end.

However Ami's service and lovely charm more than made up for these minor points. Can't wait to see her again!
