The Story:

directions wear fine, maid was very friendly. was really looking forward to this as i'd seen her on the other site for a while. started off with a bit of a massage, not great but thats not why we go to these places, turned me over then straight on with the nodder... hmm description says without. i was then told that that was extra, tasting her was extra, everything bar just a shag was exrta! was then asked what position then straight in. tried to get a go on the massive tits but she made it really awkward. such a shame she is such a sexy girl with a great body, if only she interacted just a bit more. perhaps others may get a better service than i did, good luck, take loads of cash
