The Premises:

Better than when I was last there. Clean and safe although it does look run down from the outside.

The Lady:

Bonnie is fairly tall and slim but has an unusually shapely bum for a white English girl (which I really appreciated)

The Story:

We had a little role play set up but that soon went out of the window. The only gripe she had was for me to not touch her hair (I think she may have extensions). I could smell alcohol on her breath which put me off a bit but the sex was good. Not the best experience I've had at Pleasuredome but I've never had a truly bad one either so take from that what you will. Bonnie was VERY generous though and I liked the fact she was cleaner than 2 of the ladies I've previously seen there. All in all I have no complaints. Just as a rule I try not to see the same girl twice but Bonnie would be very tempting excuse for me to break my rule
