The Premises:

Brooklyn Crew Part one of sexy Sunday in Crew!

3 enstuit rooms, clean+tidy, small carpark at rear. Front+rear entrance.

The Lady:

Nicole-36E-24-36, 20's 5/8" lovely long jet black hair, pouting lips, pretty face, tall+toned, with a great figure, could be on page 3 or in top shelf mag, legs to die for, friendly+sexy as hell.

The Story:

Nicole entered just after I'd dried off from the shower. She was wearing a tight fitting lingerie style underskirt or negligee, the frilly bottom of which barely covered her black thong at the front, and showed off her arse in a teasing way.

Nicole asked if I wanted a massage, I asked for a kiss first, nice F/K while standing feeling her arse. We both moved onto the bed, Nicole massaged my front with talc. My cock was soon hard+proud. Nicole asked if I wanted oral, I asked for owo +?10.

She performed this beautifully licking my balls, shaft and head, then sucking as much of me into her mouth as she could, keeping eye contact all the time. Every now and then she stopped, held my shaft and flicked her tongue quickly all along it pornstar style. Mmmm

I asked if we could change to my favorite position for owo, Nicole sitting on the foot of the bed, with me standing in front of her.

We continued this way until I could feel my junk rising, I asked Nicole if I could cum on her tits, She supported her breasts with one arm, holding them up in front of my cock, when I said I was ready to cum she wanked my shaft until I unloaded over her tits, wow.

We cleaned up and lay back on the bed, more F/K, then I licked+sucked her breasts, working my way down to her thighs, removed her thong and licked her lovely pussy+clit, Nicole said she didn't like fingers inside, Shame.

My cock was hard again, so on with a condom and sex with Nicole on top to start with, tits bouncing nicely, then mish and then doggy watching her tits swing back and forth as I pumped her in the wall mirrors, Mmm.

Nicole suggested we try doggy standing, she bent forward leaning on the door of the room, I pumped her some more from behind.

I was surprised how long I was lasting with such a stunning lass, when Nicole suggested more owo, she sat on the bed removed the condom with me standing in front of her again. This when the GFE became a lot more raunchy, almost PSE, Nicole spat all over my cock+balls to lube them, she then began sucking+wanking my cock with outstanding vigour, squeezing my balls gently with her other hand, absolutely first class.

I could feel myself getting to the point of cuming again, my jizz was climbing the ladder, but when it got to the top rung, instead of leaping off, it dropped back down a couple of rungs. It did this several times during this raunchy sublime owo, looking down at Nicole and watching in the wall mirrors, I was beginning to feel like a porno stud, fantastic.

However, I think Nicole was now finding me hard work, she suggested fucking in doggy again, but hurry up love, the time. (I reckon there was almost 15 mins left)

Another condom then doggy, then a change to mish. I was loving this but still experiencing the ladder climb effect with no leap off. (with hindsight this was probably because I'd drunk a lot the previous afternoon+evening at a fellow's retirement do).

Another hint about time from Nicole, and I decided I wasn't gonna pop again.

I kissed and apologised to Nicole for no second pop telling her it wasn't her fault.

Sure wasn't her fault stunning sexy lass that had given me a good seeing to, should of erupted like a volcano.

Thanks for all your efforts babe I loved every second of it you are one sexy lass. J xxxxxx

Just had time for a shower and kiss before leaving.

Drove off smiling, looking for some where for Sunday lunch.

Thanks.....J.....xxx
