The Premises:

Annabellas, very nice place.

The Lady:

Very tall and attractive, I have seen photos of Valerie on Annabellas website before and knew what to expect!

The Story:

The service I was looking for was Toys for Boys, something I experimented with Lottie also at Annabellas around 4 years ago. The experience with Lottie was amazing as she really shoved it in to be frank and had exquisite technique and even filled a condom with warm water which she placed on my member! This was an amazing experience and one that I have tried to experience since then.

The experience with Valerie was very good but could do with more thrust. I am not looking for sex but a very kinky experience, PVC, caning etc. Many people would say just see a professional domme but I also want a kinky experience with a stunning woman which Valerie certainly is and I would look to attend more often if this sort of service was on offer.

Valerie is a very pretty and sexy woman, the only downside I would say is the shortage of lingerie as she only wore tights and high heels but Valerie as a stunning figure.

Would be quality if I could find a truly kinky experience with someone as sexy as Valerie.
