The Story:

I booked Cherry on very short notice, as my 1st choice had to make last minute cancellation. When I arrived she gave me a long kiss followed by compliments, and led me to the main room, where I stripped down and led to the shower. I showered alone, as she was probably getting things ready due to the booking being such short notice.

Once back, she started giving me OWO while I was standing, then moved me down to the sofa where she continued. Her OWO was very much on PSE side, going deep and lots of head movement.

If you've read her many other field reports, Cherry is a A-level specialist, so it was no surprise that after the OWO, she lubed her ass up, and presented it to me as she bent over the bed. I rimmed her before I slid in, after a while I withdrew so I could give her RO while fingering her ass. She turned over spreading her legs as far as possible and holding her feet in the air, so we could do missionary, where I came.

Cherry is full of energy, and is pretty crazy (in a fun way) so she's always bouncing around the room, then lounging on you with kissing, licking, and checking whether your ready to go for another round. She even fed me clementines!

I was back on the sofa and she tried to get me hard again with combination of bit of handjob and more of her OWO, but again my little guy was being lazy and was already satisfied.

Cherry told me she has not been busy for about 3 months (I was only her 2nd client of the day), which I find strange given her high level of service. She's very friendly and fun, and if i didn't make such a last minute booking around dinner time, the

hour with her would have been even better.
