The Story:

On my current quest for anal with big boobs, I decided to try out Kelly. I ended up being 10 minutes late as the agency provided the wrong room number plus the fact that I had bad reception on my mobile.

An ealry kick off and Kelly appeared to be fully booked that day (she only works 1-2 days a week). I thought Kelly was the same girl as Hayley (Bunnies of London) due to the similar description,location and services on offer, however this was not the case. Started with a bit of kissing (No FK) and followed with Kelly facing the mirror bent over allowing licking and tongue invasion, it felt and taste good. I entered her pussy from behind standing and then moved onto the bed for some missionary anal (I prefer from behind, but the girl has to be relaxed) and then finished off wanking myself whilst sucking her boobs and fingering her hole. It was OK, but I guess we didn't really click, however there are several glowing reports for her. For me it wasn't particularly wild or exciting, so the hunt continues, next I'll be trying out Hayley, although I do prefer large natural boobs.
