The Premises:

Near the tube. Nice area. Easy to get to. Perfectly anonymous environment. No safety issues.

The Lady:

Young (about 20). Dyed blonde hair. Very good looking. Slightly taller than I expected, and she's got a lovely body. Genuinely fit and firm, toned but not muscular. Slim, but not bony. Pale skin. Moderate sized but perfectly formed breasts - lovely 'proud' C-cupers. She's much more attractive in the flesh than in photos, and in summary is a stunning young woman. She claimed to be Italian ? but seemed more E. European to me. I didn't care. Very horny lady.

The Story:

She's fairly GFE (it was only a 30 minute booking, after all) and funny, and is lovely to hold. Initially, I thought I was going to explode when she gave me OWO, and I really wanted to penetrate her, so I focused desperately on not cumming. However, she seemed really concerned about the condom breaking, and so insisting on using a huge amount of protective lubricant on the d**n condom, which made for a very slippery insert. I don't know why - I am (what I imagine to be) average sized. Anyway, my earlier efforts at not cumming, her generosity with the gel, and the shortage of time meant that I didn't cum inside her. I had her jerk me off in the final few minutes. This slightly annoyed her. However, the sex was good, and I find myself thinking of that smooth, toned body whenever David Attenborough comes on the tv to describe seals darting about under the ice. A return visit (a full hour this time) may be in order.
