The Premises:

A modern, clean and beautifully scented apartment. Felt Safe

The Lady:

A gorgeous petite young thai lady. Possibly the most amazing body I have ever seen. I seriously was not prepared for her to be so stunning. Perfection.

The Story:

I'd seen pictures of Natalie but done in a way you couldn't really tell what she looked like. I booked her because I really wanted to try an Oriental girl.

I wasn't prepared for just how beautiful Natalie is. She took me into her apartment, asked me what I wanted and I don't think I actually answered her, as I was so transfixed with her beauty, and her warm smile.

She gave me lovely owo.. moved into some 69 action (she tastes great), and I took her from behind with a great view in her mirror. She was very willing and graceful, with a hint of cheeky fun about her.

Afterwards she gave me a nice massage from head to toe. She claims she's not very good at massage but it felt pretty fine to me.

Apart from her great looks and skin you just never tire of caressing, the most important thing is that Natalie believes in good customer service and she will really look after you. Seems like a genuinely nice person.

I punt very infrequently (about once a year on average) and have never seen the same girl twice; most of the attraction for me is having a sexual experience with a total stranger. For Natalie I plan to make an exception on both accounts!
