The Lady:

Brionly still looks as amazing as the first time I met her. She looks just like better than her pics in my opinion. She dressed in mesh dress and boots. She looked amazing.

The Story:

I am not sure where to start with this one. I have seen Briony a few times before. We hit it off from the moment we first met so everytime we see each other it's like being with a a fuck buddy or lover. Despite the PSE slant on the session, she is a very kind, deep spiritual person who I really seem to connect with.

This has to be the most energy fuelled, raucous, rambunctious crazy PSE experience I have ever had. Briony was a woman possessed. I did not stand a chance lol.

I walked in to apartment (suited and booted). Before I could say a word, she threw me on the bed and was all over me. I tried to tell her that I wanted to settle the account first (whilst her ass is on my face), she simply said we talk later as she devoured my special friend. I was already in heaven at this point. Also, all the way through the session, there was lots of dirty talk (which also drives me crazy).

She gave me an opportunity to undress and shower once she had got her first fill, but then pounced again like a nympho assassin. There was some classic Briony moves including the blindfold and the tie and tease, but I was also subjected to some very mild bdsm and we also played with her large toy collection.

Part 1 of the session was her pleasuring me. We tried at least 5 position I had never tried, some services I had also never tried and I even DP'd her. Before we had even got through the first part of the session, my hour was drawing to an end. I looked at the clock and explained to her my time is up (I never take advantage of WG's generosity). Briony just looked at me and said "you time is up

when you have fcked me so hard I cry. You're not going anywhere". OMG !. This is my dream woman !

Briony proceeded to give me a really amazing massage. ONe of the best. This lead to part 2. All of a sudden she became very submissive and allowed me to take control. She showed me a few new moves and helped me when I wasnt doing it right. We also used a few trinkets from her box of tricks. I acted very dominant and she was loving it. She loved to have her hair pulled and mild asphyxiation. By the end, we were both really spent and exhausted. I have never had a girl who loves being pleasured so much before and I loved it. Briony and I also spent some time talking and she's a really great person with a lovely sense of humour. I have had some great experiences but that has to be the one the best (one of those moments you just won't forget ever). It's been a week and I'm still grinning from ear to ear.
