The Premises:

Ground floor flat, in side road off main road, I was asked to call on phone when i got to the house and the door was opened and i just walked straight in. The place was clean and tidy and lived in, very safe.

The Lady:

Lili is Chinese, with limited English, small tits, slim figure, long hair and very willing to please and learn, she clearly enjoys the job and is very enthusiastic.

The Story:

I have seen Lili before in the early part of the year, i remember that she said she had a problem with English mans cock as the chinese men had much smaller dicks !!, since then she has been back in China but is at the premeses i visited untill September. She does EVERYTHING !, you only have to ask her !she sucked me off (without condom) when we had finished in every position that you can have sex ! and swallowed the lot, her pussey is very tight, so be carefull with her, finally What is a huge turn on is that as she is relatively new to the game she actually orgasms every time she has sex !! (with a condom)No kidding she really does !!.
