The Premises:

Well known and always a bright place when Fiona around making herself busy.

The Lady:

20-year old EE girl with dyed dark red hair, extensive decorative, colourful tattoos and piercings. Warning: Don't be put off by this! I don't especially like such things but I was utterly undisturbed by them on this girl for some reason and the piercings (not fully intimate) were a talking point between us and broke the ice neatly.

The Story:

Skyi was quiet at first and I feared this would be a cold event. But after a mutually fondling cuddle we began talking about the nipple piercing and from then on the chatter was easy even tho Skyi does not think her English very good yet.

She certainly went quiet when she delivered oral in an unexpected way - without and very deep mixed with shallow and very tactilely effective.

My hand wandered but I still wasn't fully sure of her reaction so kept its wandering light and on the exterior.

We then had sex first in cowgirl then mish and I found Skyi very pleasantly tight. She became quite involved and it ended very satisfactorily for me.

More chat as we cleaned up and discussed the shower and stuff and I left with a kiss and a realisation my initial fears had been very much dispelled.

The old truth is very applicable, this intelligent girl responds to pleasant and respectful behaviour and you're the beneficiary.
