The Premises:

Nice apartment between South Kensington & Gloucester Road tube stations.

The Lady:

Tall, pretty English woman with red hair. Large natural breasts, and a squidgy bum. Very white skin. She strangely reminded me of one of my former mistresses. Which in this case, was definitely a good thing.

The Story:

I normally start a punt with a shower, but alas the water was off.

Coming out of the shower room dryer than expected she came up to me and immediately started kissing me. Kissing and smiling at the same time - the way lovers do, which gives the impression she is really into you. Lots of DFK followed, with her undressing and stroking my cock at the same time, whilst I gently rubbed her clit. I was getting seriously turned on.

We then moved to the bed, kissing almost continuously. We lay down. I then went down on her, fondling her breasts. She tasted sweet, and seemed responsive. After a few minutes I moved up, and she returned the favour. Amazing OWO. Really sloppy, and quite light, but that is the way I like it. I had to ask her to stop, as I wanted to have sex before the grand finale. On with the rubber, and she started in cowboy, leaning forward for more DFK.

For WGs who can be described as a GFE punt, I like to finish on our sides: spooning or sideways mish. Went for the latter as it required no re-arranging from cowboy. I felt really close to her now, kissing her, touching her breasts, fucking her. All the time she was very responsive - she appeared to be enjoying it as much as me. But then, rather than do the GFE thing and finish in the rubber in her, and then lie in her arms for 5 minutes, I did the punter thing, and finished with a CIM.

All in all a perfect GFE with a twist.
