### The Story:

Grace started with a slow sensual massage on my back and legs, working gradually to the anal / groin area. The feelings were really amazing and my whole body was tingling. The energy she can put into your body is incredible.

I turned over, and Grace promised to increase my energy, sensual awareness and enhance the quality of my life. She DID! The Tantric massage seduced me with endless ecstasy. The orgasm and feelings of emotional satisfaction were expanded from local genital experiences to 'whole body' orgasms. The expanded orgasms made me feel energy rushing up through my body and into the crown of my head.
