The Story:

Elizabeth was just what I needed after a long week. I opened the door to see an absolutely gorgeous girl standing in front of me- my trousers tightened when I realised my cock would be inside her soon. After a glass of champagne and a quick chat, we made our way over to the bed. Seeing her slip out of that dress is something every man should experience- just how a woman should look. Next thing I knew, I was grabbing those tits. Now let me tell you, I've found my new stress release mechanism- when I got my hands on Elizabeth's god-given G cup breasts I honestly felt all my worries melt away.

When a girl is as well spoken as Elizabeth, you don't for a minute imagine her taking cock the way she does. She sucked deep, and with a lot of passion. Soon enough, out came the condom and I got to really get down to business. She made me feel like she was enjoying every minute. When I saw her beautiful face in the mirror, while fucking her from behind, I came to an end.

Dates like that are exactly why I earn money. Next time I feel like a punt I know exactly who I'll be requesting.
