The Premises:

Easy to find, Ground floor flat. Usual standard. Functional, but at least it was clean. Offered and accepted a shower before and after.

The Lady:

Now this is where it falls down. I copied and pasted a few possibles before I set off. Claudia but her page details her as Dominica unsurprisingly she was unsure of her name on arrival. Anyway she is described on her web pages in various forms e.g. Classically beautiful, blonde, a perfect figure, self-assured?

You dream of touching her. Untouchable? You know that gorgeous girl in your office, or the friend of the family, or the girl who turns your head as you pass by in the street? The girl would maybe have breached the Sale of Goods act if it applied her - Nice enough to chat to - but actually a shortish plump Polska. Someone has a gea imagination and a skill in Marketing - it got me to the door!

The Story:

Irrespective of false description - as time was not on my side, the little head led the big head on. Expert OWO to completion, disreety spat in tissue - top job. Chit chat and offered a second go - taken and finished in Mish. I could hear other people in the flat so this is clearly a group of girls with a clever web writer. Good value if you just want to empty your bags but not the stunner I was expecting - maybe my fault for the competitive pricing. I cannot recommend as the lure of the catch does no match the taste of the meal. Probably best avoided.
