The Premises:

The young Londoner who was doing her first tour in Perth, not that I punt much now but this young lady was just too good an opportunity to miss. The venue was a good hotel in the fair city

The Lady:

The website photos are very accurate voluptuous figure of African and Caribbean decent this must be a good mix if this is the result. A tall girl with huge boob's large areolae you just have to get in your mouth

The Story:

Although my appointment was for just half an hour at no time did I feel rushed a slow pace all too quickly lead to the inevitable conclusion.

A very nice well-spoken girl well worth the experience
