The Premises:

First floor flat conversion in a residential road. Parking is on street and not a problem.

The Lady:

Holly is tall, dark haired and in her early 20's. I'd say she was a size 12, with perky boobs that she said she is going to get enhanced. I don't think she needs it, but I imagine she has the height and frame to pull off some pretty large implants.

The Story:

Holly is a friendly English girl with an air of confidence about her. She led me upstairs to the bedroom and we lay on the bed together. She asked me what I wanted, to which I replied 'a simple GFE'. Lots of kissing, cuddling, sucking and fucking followed.

I only managed one position - missionary, as Holly does not do my favourite position which is cowgirl. Afterwards we chatted about this and that. All in all it was a good experience.

I think Holly expects the client to take the lead, which is good, but not something I'm used to. I will have to return and try a few more things with her.
