The Premises:

Basement flat. The directions weren't great as the entrance is actually on a side street, not that of the street address. The neighbours actually have a sign on the door telling you to go next door if you are looking for Flat Number 1. Small bedroom off living space. Not very inviting.

The Lady:

Definitely the girl in the photos but they have been well taken and probably given the usual "tune-up" in photoshop. She has a wonderful figure but is not as pretty as her photos. She's polish but with decent enough English for small talk. Her face lights up when she smiles, but she is very reluctant to do this.

The Story:

When I arrived it was hard to get a good look at Blair as the lighting was fairly poor. She led me to the bedroom where i could see her properly and I was a bit disappointed that she wasn't as pretty as her photos. I could tell she had a great figure but she came across quite abrupt but I was slightly put off. I asked if she kissed and got told that she kisses in the mouth but not French. As french kissing is important to me, I decided to ask her for a 30 min booking rather than the hour I had planned, thinking that if it went well I could come back for a longer booking next time.

It didn't go well. She took the money and disappeared. I wasn't offered a shower. When she came back we got in to it but everything was very forced and rushed. She clearly doesn't enjoy this. There was lots of "You can't do that" when I tried to touch her between her legs, go down on her, hold her pony tail during doggy (very gently). After a covered BJ we had started in Mish. It didn't take long before she started faking it, but it was very obvious and over the top that it was just off putting. After a couple of minutes she pushed me off her and told me we had to try a new position. After a couple mins of doggy, she did the same thing. Once she climbed on top she was very controlling and despite me asking her to go slow she obviously wanted me to cum and leave so I gave up trying to enjoy it and shot my load. She quickly cleaned me up and disappeared, telling me to dress and not offering me a shower. Was happy to get out of there. Think this was less than 25mins after actually knocking on the door and I was very glad I hadn't sprung for the hour.
