The Premises:

Typical suburban location accessed via an alleyway in a parade of shops. The room was very clean and warm.

The Lady:

Nikki is an English lady, dark haired, probably in her 40's, busty a 34D.

The Story:

I was situated about a twenty minute walk from this location and fancied a topless hand relief session to get away from Christmas shopping. Punts like these are very retro and hit and miss because you only have a phone number and the maids description to go on.

Nikki is very professional and friendly and didn't hurry me, I just laid back fondling her breasts before succumbing to orgasm.

I will bear this place in mind if I am in the area again.
