The Premises:

Well-known Adam-style stuccoed terrace in Paddington. Seen better days. Basement flat at the back. Bit chaotic inside.

The Lady:

Gorgeous petite slim young Thai woman. Her brown skin, knappy hair and facial features suggest that she might have been the product of a liaison between a Thai woman and and Afro-Caribbean man. I thought she was attractive anyway.

Lovely personality. She?s only been here seven months so her English is not good but as the encounter went on I was able to tune into her accent quite easily.

The Story:

Since she arrived she has caused quite a stir among the orientlists on the Forum and it is not that surprising. She is naturally highly-sexed and delivers the PSE with all bells and whistles, but while being in what felt like a full Girlfriend mode. The rave FR?s attest to her impact, including ones from esteemed colleagues such as Worldpunter and OneEyedPanda.

Services: Deep and passionate FK. OWO then 69 and me rimming her. A frenzied bout of doggy anal, playing with her beautiful breasts. CIM to finish. Then she insisted on her orgasm with RO. I love a woman who really wants to come during the encounter.

Once she realised that I was a one-pop-wonder, we settled down under the duvet for cuddles and chat. Talked quite deeply and movingly about marriage and children and health. I left as I had other things to do but got the feeling I could have stayed much longer.

Left feeling that I had just been though a really intense experience and knowing that she is a absolute cert for the repeat list.
