The Premises:

Shop unit next to cafe in village of West Horndon. Clean and safe, buzzer entry does mean you are standing in the street for a few moments, or you can use the other entrance at the back, also with a buzzer.

Parking is available either at the nearby station, or free in nearby side roads but look out for parking restrictions.

Inside is pleasant, with a couple of decent sized rooms each with a massage table. ?20 entrance fee, extras are paid to the girl. A full personal costs ?70 (making ?90 in total - very expensive in comparison with other local parlours)

The Lady:

Amy is a very pretty blonde Essex girl, mid 20s, with long sexy legs and all over tan. Slim body and small boobs.

The Story:

My 3rd visit to Amy now (though probably in the space of 3 years!) and she is still as sexy as ever. Usual massage to start, then once I turned over she was happy to start French kissing. We kissed a lot, with tongues, and she was also happy to lick my nipples as much as I wanted.

I had chosen oral as well and she gave me some OWO though I couldn't manage that for too long! We finished with her on top, as she rubbed my nipples while we fucked. Usual quick chat before and after, though her chat is the usual routine stuff (what you been doing, where you off to now etc)

All in all a good punt, Amy certainly knows how to please. One thing I did notice was she did cover her boobs with her arm as we were cuddling on the table so I couldn't feel or lick them very much. It wouldn't put me off seeing her again though!
