### The Premises:

Third floor Studio apartment in Praed Street above a shop. Small, but clean and well kept. Suitable for purpose.

### The Lady:

As in the pictures on the website. Serena is slim, toned with a lovely figure, a delightful smile and a nice personality to match. facially, she does not photograoh well on the site. Her features are much softer in real life. To my mind, she is very pretty.

### The Story:

This girl could become a habit! I had been trying to meeet with Serena for a few weeks now, but either she was engaged at the times I was free or else she was not working. Having now met her, I can confirm that it was well worth the wait.

I arrived, somewhat breathless from climbing the stairs to her flat but the warmth of her greeting and the smile she gave me was wonderful. After I got my breath back and had the drink of water offered, Serena ran a shower for me. A nice touch. It saved me scalding myself using controls I cannot see without glasses.

As I towelled myself dry, Serena asked what I liked, what I did not like and what I would like her to do, so that I would enjoy our time together. I am very basic in my wants and needs. The fact that a delightful young lady would happily (or seemingly so) suck on my cock and balls for what seemed like ages, or lie back with her legs apart, positively encouraging my tongue to explore farther and further really does it for me! Serena delivered on all counts, even if I did not quite do so and then ran me another shower at the finish. A very enjoyable hour spent and as I said at the start: this could become a habit!
