The Premises:

A basement flat near West Kensington tube station, which she shares with several other young women. Sharon has a comfortable room with a large bed. Shower and toilet facilities are shared with her flat mates (all of which are courtesans). Everything was clean and orderly.

The Lady:

Sharon is a very pretty blond girl with striking hazel eyes and beautiful lips (both pair). She wears a shoulder length blond wig when she works, which I believe is part of her 'persona'. Sharon is relatively tall at 5'8" and is a size 8 with beautiful curves and slender body, nice natural breasts and suckable pert pink nipples. The best thing about Sharon is her smile. Sharon is from Hungary but her English is quite good.

The Story:

I am several months late putting this report in but Sharon is still active so it should be relevant. I made my initial appointment and arrived at her flat and she met me at the door and took me to her room. I had asked her to dress as a naughty schoolgirl without knickers, which she had done and it gave me a thrill to run my hand up her dress and feel her bare arse and and run my finger along the slit of her pussy. We made small talk and as I undressed we started French kissing (which she does very well) and she stroked my cock. I laid her back on the bed and kissed my way up her legs under her skirt until I reached her pussy. I gave her clit a good tongue-lashing and worked my way down to her arse hole then back to her pussy. She seemed to enjoy this and got very wet. After a while she pushed me away and said that she had cum and couldn't take any more and it was my turn. I lay back on the bed and she knelt between my legs and sucked my cock (without). We switched to 69 for a while and then she slipped a condom on me and rode me cowgirl while I alternated between sucking her pert nipples and French kissing. It did not take too long before I could not hold back any longer and I climaxed. We spent the rest of our time lying together and talking about life.

Two weeks later I was back in London and made a second booking with Sharon. This time one of her flat mates, Jessie, met me at the door (I would very much like to visit her sometime) and invited me in. Jessie said that Sharon was running a bit late but in a few minutes she came out and with a twinkle and smile Jessie told me to 'have fun'. Sharon had just had her hair done and asked if I minded if she did not wear her wig. Of course I didn't. Her hair was short cropped and she was just as pretty as before. Sharon had just purchased a new brass framed bed that she was eager to try

out. We began with her stripping to her knickers then taking off my shirt all the while French kissing. She then sat on the bed in front of me, slipped my trousers off and firmly but softly sucked my cock. After she sucked me for a few minutes I felt like I was going to loose my load so I knelt down, laid her back, pulled off her knickers, parted her legs, and slipped my tongue into her slit. I love to lick pussy and arsehole on a pretty young girl. We spent quite a bit of time orally pleasuring each other, particularly in the 69 position before she climaxed (at least she told me that she did and I have no reason to disbelieve her). We then fucked in several positions. Finally she took off my condom and sucked me until I shot my load in her mouth. Sharon does not swallow (I wouldn't want to swallow cum either) and stepped out to spit but was back very quickly. We cuddled naked for the rest of our time, in fact, I believe that we went quite a bit over the hour. As we lay and talked there were loud female groans from one of the other rooms where one of Sharon's flat mates was entertaining another gentleman. Sharon was a bit embarrassed about this but I thought it was funny and added to the ambiance of the place.

I definitely recommend Sharon. She is very friendly, seems to love what she is doing, and made me feel wonderful. If Sharon is unavailable one of her flat mates may also be worth seeing. I definitely intend to see Sharon again if I can.
