The Story:

When I arrived, she seemed cold and told me to go up the stairs, which got me a bit worried that she didn't like me and this may not go so well, but it turned out I was very wrong. As soon as I entered her room, she locked the door behind me, and proceeded to say some pretty freaky stuff, followed by pushing me onto the bed, allowing me to feel her body while she continued telling me what was going to happen. She then started to take my clothes off and told me to help her, then off I went to the shower.

After the shower, she gave me a glass of wine, and encourage me to drink it saying it was special with a devilish grin, which got my imagination working again, then she tied me to the bed and blindfolded me, she then let me see her toy box, and proceeded to use a couple on me. From this point she alternated between OWO (with a spot of rimming) and grinding on my cock with her body. Her depththroat is straight pornstar, I couldn't believe by how much she wanted me to fuck her mouth, always encouraging for more. At one point she had her neck in between my legs, urging me to squeeze her tightly while thrusting my cock as far into her mouth as possible at the same time. She also got me to finger her ass and pussy at same time, showing me how she wanted it. Her grinding was amazing also, I had been so close to cumming twice, but she demanded for me not to cum. When she got on top and started grinding hard, I couldnt hold out any longer.

She went off for a quick clean, and then it was my turn to pleasure her. I tied her up like she had me, then she gave me instructions of which toys to use and how to use them on her. She then had, had enough and told me to put a condom on and fuck her missionary, which I obliged, she responded by kissing passionately and gripping me hard.

After she had came (she insisted she did anyway), I noticed the time, it was up and I pointed this

out to her, but she said couldn't let me go like this and was adamant I came again. So once again it was time for her to demonstrate her pornstar style deepthroating. She sat on the sofa while she got me to stand on it, telling me to spit on my cock, followed by her instantly trying to impale her head, while I thrust at the same time. She then moved me against a wall by her mirror so I could watch her work away. I came for the second time.

I had a shower again, after which her demeanour was totally different, she was lovely, helping me to dry myself, get dressed, and gather my things. She said I was very nice and she liked me, and to come back again as she wanted to try more things with me, I'm sure she says something along those lines to everyone, but it's nice hearing it anyway.

When you see Briony, it's a great experience, you just have to go with her flow and you will have a damn good time.
