The Premises:

5th flr flat in block. OK condition. Safe. Warm. Shower fine but towels were just hand ones. Barely any soap. Bed was covered in thin sheet. Spartan would be generous. Mattress tired. Seduction was not the theme. Have been to a number of cheaper establishments with more ambience.

The Lady:

Pretty, slim, brunette with discoloured teeth. Soft skin. Shaven. English good but she wasn't much of a talker.

The Story:

A frustrated attempt to book at HoD left me trawling the sites of some old haunts and I foolishly tried my luck with 90minute more out of nostalgia for the many great times before 2004. Sadly despite the girls being just as pretty their now overly photoshopped and similarly lacking in all the joy, friskiness and compassion of their forerunners.

This girl was pleasant but made no attempt to seduce or inflame my desires. Kissing was not reciprocated and French was certainly a no no. She almost immediately tried to slip a condom on me and OWO was refused. OW was quite good and she seemed content to just keep going. RO received without complaint although she seemed reluctant to be aroused by it. Missionary and doggie unsurprisingly uninspired. Finally gave up and after some fairly determined OW I finished by hand whilst she went through the motions of playing with herself.

After I came she quickly busied about being rid of me and even told me I was mins over making no mention of the 10 mins she kept me waiting out in the cold having claimed I was early despite being 5mins late.

Called the agency to tell them of the poor service below their supposed standards and they made no attempt to make things good.

Will be avoiding all the EE run agencies from now on. Will take my reddie to the indies with FRs.
