### The Lady:

Eve is a young blonde girl in her early twenties. She has flowing long hair, pert breasts and bottom, lovely legs and skin. She is of slight build. A pretty lively face and generally well toned slim bod

### The Story:

I have visited Eve on several occasions before and return because of the great time we always have. She has a lovely sense of humour and fun, a wicked tongue in every sense of the word. Conversation is lively and interesting and then her tongue can do the most wonderful things everywhere.

She is kind and considerate to this more senior punter, showing patience and understanding if things flag but with the energy to be really stimulating. This session allowed for us to explore each other, starting with oral, then some fun with some toys and the climax coming as first she rode me then I ended up on top. A fantastic hour and a half.
