The Story:

? didn't that much cash so went for the 10 min straight sex option. after some FRs I read, I was curious about Eva. she was very welcoming, very talkative and she was smiling all the time. she was wearing pink underwear with black fishnet stockings (my favourite).

after she took off everything she laid me on the bed and put the condom on before I was hard. I was expecting mish but she got into doggy which was instant turn on. she really did not rush anything. she was moaning lightly all the time, not very genuine though but I like it, it gets one in the mood. she did not deny anything my hands went for and rubbed my balls occasionally. after some time she got on her back and put a pillow under her lovely bum for a good mish.

I never felt that she treated me any less because I did not go for a more expensive option, and it was very good, A very big plus.

next time it will be dreamtime though
