The Premises:

She claims to be a stones throw from the Camden Town tube station, which is exactly true even if you can't throw a stone very far. The flat was nice with good facilities. She mentioned that she is likely to be moving soon, so she isn't likely to be in this flat for long. The area was safe with the usual Camden crowd out on the street making my entrance completely unnoticed.

The Lady:

She looks just as she does in her photos - petite with a gorgeously slim yet toned body. She was dressed in a lovely dress with stockings and high heels. She greeted me with a big smile and bright red lipstick.

The Story:

She is exactly what the term GFE is meant to entail. She is intelligent, funny and warm. But that's not exactly all you want out of a girlfriend and she has the other parts covered. She can be as naughty as you would want and truly puts in the effort. At no point do you have to get her motivated as she clearly aims to please. She's one of those girls that has you leaving thinking that she really had a good time herself (no matter how delusional that thought may be).

If you are looking for a legitimate GFE and the girl in the photos is to your liking, I simply cannot imagine why you wouldn't spend your time with her.
