The Lady:

Gorgeous. Sometimes you look at the photos and think they've been photoshopped but Pixie's photos are spot on, if anything she has lost a little weight since they were taken. Very pretty lady with a mischievous grin. And don't get me started on her breasts :)

The Story:

Awesome punt from start to finish. She entered the room in lingerie and basically jumped me. Kissing, OWO and a massage followed by mish. I'm not the most talkative of people but she expertly made me feel at home. A second session followed before I took my leave with my head spinning. This lady is awesome and I will definitely be returning - she may become quite addictive.

PS: Did I mention her stunning breasts?
