The Lady:

On arrival after a 15 min wait i was introduced to Barbe at the doorway.)a geordie lass with long dark curly hair dressed in blue basque and stockings about 5'5 and i would guess size 10

The Story:

OH What a let down after the initial smile her lack of interest was soon in evidence i proceeded to inquire her service sheet and was duly informed to my shock? kissing , owo, reverseO was not part of her show I was beginning to wonder if I was in the wrong place maybe I had wondered into Morrisons by mistake i?m sure sex was on my shopping list when I left home I was not there for a chat I don?t know what she was there for . At that point I should have realised the future was not shaping up well and walked. During the Kafuffle their was some attempt on her part to give me hand relief in between her asking me every minute if I was coming if the old boy could talk he would have told her a few unsavoury words at the time but the poor thing was fast asleep

My advice to Barba is to find other employment this is not your thing I should have realised when she asked for the money up front as NO other girl at headoffice as ever made this request before all in all a very frustrated service or rather a non service so Guys beware the Barbe doll is wooden Thanks Fiona for listening to my concerns.
